ABOUT US

Since 2015 our name was “**drleotards**”.

During these years we had time to know our community better, we had time to think, to do so we evolved!

After a long rebrand we gave a new image and new name, the only one that could represent our new story, that could represent what we have to tell but with the same soul.

The only
word that
could fit
us it's
DIVERSO.

diverso

We are an Italian brand founded in 2015, to dress professional dancers, kids, adults and ballet amateurs, with elegance and refinement. Our company handpicks the finest materials to ensure quality and comfort in each item. All of our products are lined and made using only hypoallergenic material. Each item of our brand is handmade by expert Italian tailors, ensuring that the high standard of 'diverso' is achieved.

Once an item is made it is carefully checked for any flaws to make sure it meets our high standards. We are pushing the boundaries with design and manufacturing, so that 'diverso' always provides the best garments without losing the passion of traditional Italian tailoring. The meticulous care to every detail during the manufacturing process creates the high quality of this brand.

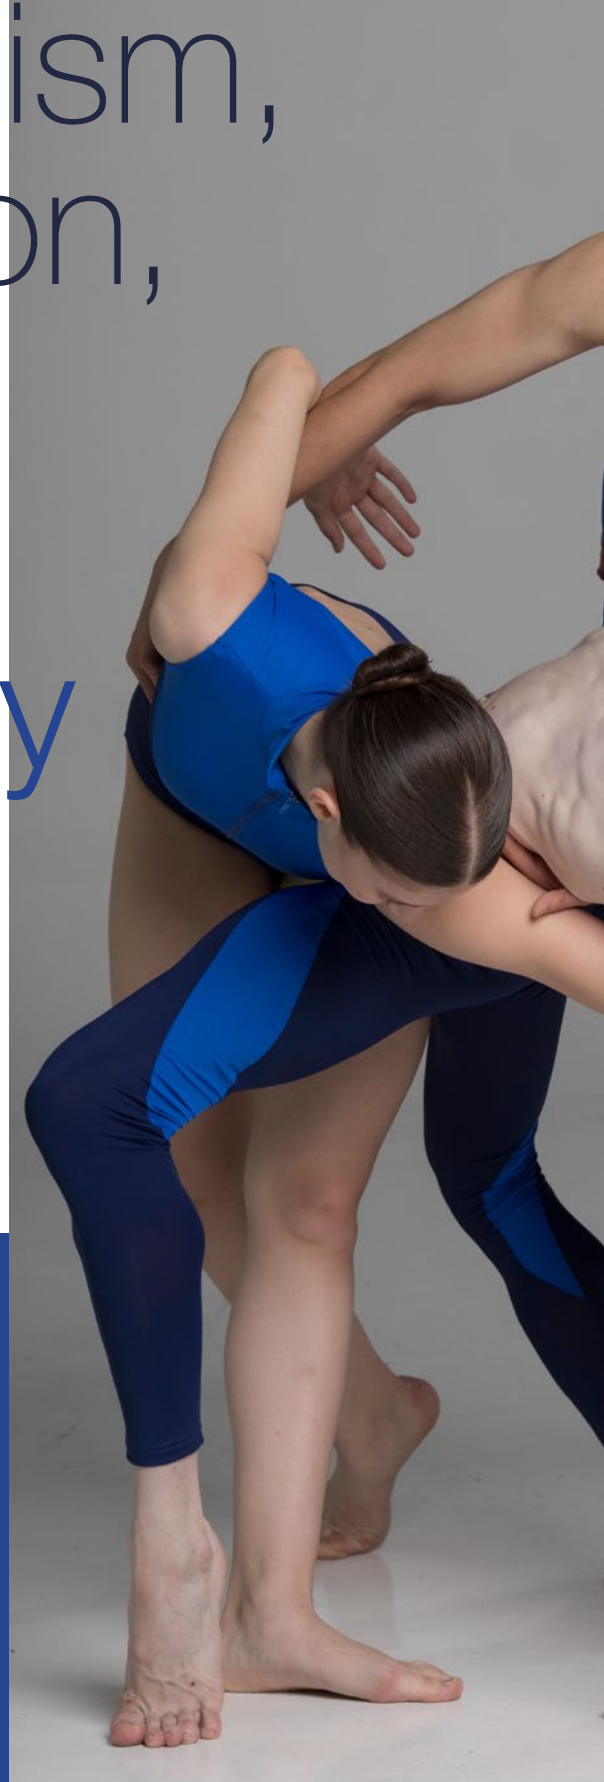

"Diverso" provides the opportunity for you to design a personalized product. Our designers are happy to create a design uniquely for you that is made to measure.

Quality, professionalism, customisation, precision and made in Italy

These are the keywords that give
“diverso” its identity.

Customize your favorite garment:

Being unique is one of our biggest strengths, each customer has a chance to wear what they desire. We embrace creativity and thanks to our wonderful staff we can make your design come to life. With ‘diverso’ you can choose from our wide range of fabric, colors, necklines, sleeves and more. Our stylists understand the way dancers move, and have designed our products to provide comfort and style from the studio to the stage. Feel free to contact us with any ideas you have, no detail is too small.

We'll keep bringing our best to the collections to spread love into your daily routines. We don't know where we'll be in a week or in a month.

What we
know it's that
we need
You to keep
making Art,
**because Art
heals.**

If you are still reading
we know that you
start to move...
The famous song
took your soul's
rhythm, right?
